Silgranit white

Product code 10502

Product description

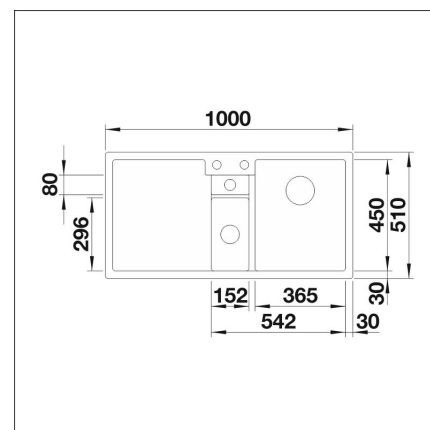

The high-quality and stylish BLANCO COLLECTIS is above all the choice of those who cook a lot and work by the pool. The pool's low and easy-to-maintain edges make the pool look modern. The high-quality multipurpose container delivered as standard equipment combines the collection of waste generated during food preparation with the features of the SELECT garbage cart. The practicality is also brought to a new level by the separate pouring basin placed behind the small basin of one and a half basins.
