

COLANDER

(Luna-X) copper

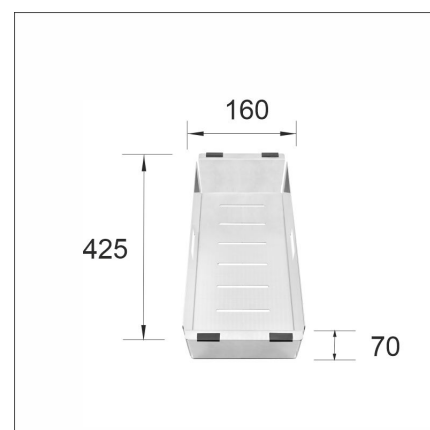

Product code 1114

Product description

The practical, deep bowl is perfect for use in food preparation. Water drains from the openings in both the bottom and the corners of the bowl, making it convenient to rinse or peel fruits and vegetables in the bowl, for example. The bowl also works great as a dishwashing aid.

The rubber feet allow the bowl sits perfectly for LAPETEK Luna-X pools and stays firmly in place on the edge of the pool. Update your kitchen sink with a vegetable bowl in copper or brass. The colored bowl forms an elegant detail in your kitchen interior. Combine brass-colored...
