

BLANCO ETAGON 6

Silgranit alumetallic

Product code 111500

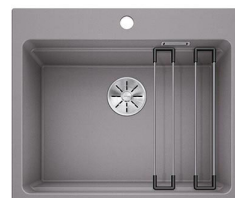

Product description

Blanco Etagon is a beautifully shaped high quality stainless steel sink with a modern overall appearance. It has a highly innovative system concept of rails, that create three different working levels to the sink. There are two pieces of rails that can be placed side by side or on top of each other, either to the middle tier of the sink, or to the table top level. Rails work well with chopping board, holding kettles and dishes in different levels, making everyday kitchen tasks enjoyable. When not in use, rails can hold brush and cloth.
