Product description

Versatile accessories make daily kitchen tasks easier and more efficient. The new foldable roller mat is a convenient accessory for your kitchen sink. A collapsible mat on top of the kitchen sink offers countless ways to use this kitchen accessory. For example a container, pot or bowl can be placed on it for water filling, or the dishes can be placed on the mat to dry either on top of the sink or on the worktop instead of a drying rack.

Update your kitchen sink with a copper or brushed gold roller mat. A colored roller mat makes an elegant detail in the...
