

LAPETEK LUNA-X 340-IFN/U

PVD brushed gold

Product code 1461IFNU

Product description

A particularly high-quality, incredibly spacious sink for the kitchen and utility room. Made of stronger material than usual, which makes the sink more sturdy than usual. Thanks to the 1.2 mm thick steel, the rest basin is very sturdy in all its parts. The minimalist design together with the rounded corners make the Luna-X sink easy to keep clean. Can be installed on the surface from above or below.
