brass

### Product code 1462IFNU

#### Product description

The popular Lapetek LUNA-X sink family grew with an eye-catching brass-toned model! The shiny brass-colored surface of the sink makes it a spectacular interior element that that is always in style and is suitable for many kitchen styles. The unpatinated surface of the sink remains beautiful and neat looking from year to year. The sinks are made of a much stronger material than usual, which makes them more sturdy than average. The minimalist design combined with the rounded corners make the LUNA-X 500-IFN / U easy to keep clean. All in all, the sink has a solid and high-quality feel, which is recognized when using it, and the small rounding...
