

LAPETEK LAVIN 45-IFA

Stainless steel 18/10

Product code 1550IFA

Product description

A very cost-effective and high-quality pool for a 45 cm sink for 45 cm sink cabinet (can also be installed in a 40 cm sink cabinet). Thanks to the 1.2 mm thick steel, the IFA model's faucet lip is clean, flat and very sturdy without extra edges between the sink and the countertop part.

The sink is both modern and stylish and particularly spacious due to the small rounding of the corners (R25) and the large sink depth (200mm). The covered overflow completes the look, and in addition, Lavin is easy to install due to its dimensions.

Technical information

- Sink cabin min. length: 40 cm, 45 cm
- Allasmateriaali: ruostumaton teräs
- Sink installation method: Over mounted
- Waste: 3,5" basket strainer no pop-up
