

LAPETEK ROUNDPIN-A

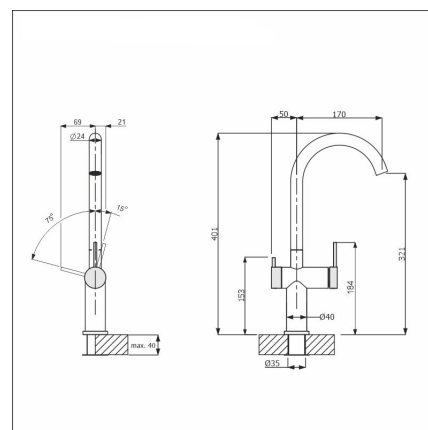

black/brass dishwasher valve

Product code 21552A**Product description**

Stylish, curved faucet for every kitchen. In addition to the harmonious design, practicality has also been taken into account in all stages of the design. The smooth-moving, high operating lever is very easy to use and the spout enables effortless washing of even large dishes under the tap. The APK connection is elegantly placed under the spout of the faucet. The EKO aerator supplied with the faucet reduces water consumption and reduces splashes from the bottom of the pool. The ROUND faucet has Finnish type approval.
