

SELECT II 40/2 COMBI

2 x 13 l bins

Product code 400365

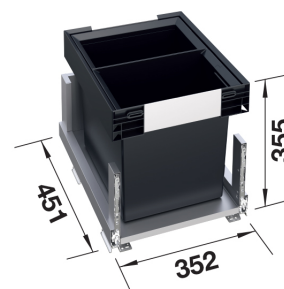

Product description

A practical waste mechanism suitable for a small space. The SELECT II 40/2 Combi is a waste mechanism equipped with two spacious buckets, which can be easily attached to the bottom of any cabinet that is at least 40 cm wide. Its sturdy frame, compact external dimensions, and spacious waste bins make the SELECT II 40/2 Combi a practical waste mechanism for any location.
