

INFINO SET

(1 bowl) satin gold

Product code 418858

Product description

The InFino replacement set includes the chromed parts in the standard products in a brass tone. By combining the brass details with, for example, a black, gray or white Silgranit sink or rst sink, you create an interesting contrast in the kitchen. Together with the golden faucet and the brass-colored detergent dispenser, the brass-colored InFino garbage filter valve and overflow form an elegant whole and bring a touch of luxury to the kitchen interior.
