

CHARCOAL FILTER LONG LIFE

(Tubus-V Monogram-V Fluo-V Icon-V)

Product code 430149

Product description

An ecological reactivated Long Life filter with a service life of 36 months. In heavier than normal use the time is shorter and in light use correspondingly longer. In any case, the lifetime is significantly longer compared to disposable filters, which should be changed every 3 to 4 months, depending on use. Activation and cleaning of the Long Life filter is carried out in the dishwasher at a maximum temperature of 65 degrees using normal dishwasher detergent. After washing, the filter is placed in an oven at a maximum temperature of 100 degrees for 10 minutes,...
