

LAPETEK APOLLO 35

35 cm wall model DISCONTINUED

Product code 503660

Product description

QUALITY AND MODERN DESIGN

A stylish and high-quality steel combined with a stylish design and an efficient elimination of odors makes the cooker hood the center of attention in your kitchen.

When using the active coal filter, the air is blown back to the room from the hole on the top of the hood. The minimum room height should then be 260 cm. Available both as a wall and an island model.
