BLANCO LUNEOO-S
satin platinum Pull-out spray

Product code 56063S

Product description

LUNEOO redefines the kitchen faucet. The movable spray head is attached to an elegant, slim body, while water flow and temperature are controlled via a separate control panel. The long hose gives the spray head a wide and unrestricted range of movement, making kitchen tasks smooth and effortless, especially on kitchen islands. The spray head allows you to switch between a soft laminar flow and a powerful spray, while the magnetic holder keeps it securely in place when not in use.
