

LAPETEK FORM 60

60 cm built-in black/ss-rail

Product code 57064

Product description

LAPETEK FORM is a cabinet-mounted cooker hood that only shows a stylish lid. LAPETEK FORM can be installed as two suction systems: extraction or recycling using an active carbon filter (activecarbon filter must be ordered separately). The appliance starts by pulling out the telescopic lid. Powerful lights come on at the on / off light switch and the position of the lid does not affect the on / off of the lights.
