# DETROIT 40

PVD coated - S/S 400x400x120 mm

## Product code 7153

### Product description

Metal is a stylish and striking washbasin material for bathroom spaces. Stainless steel PVD-coated washbasins are available in three different colors: timeless stainless steel, stylish black stainless steel, and elegant gold. The design language of the washbasins is sleek and symmetrical. All models are well-suited for use in both home bathrooms and public spaces. The washbasin includes a slotted pop-up waste in the same color as the washbasin.
