

DETROIT PARED

PVD coated - S/S black s/s

Product code 7165

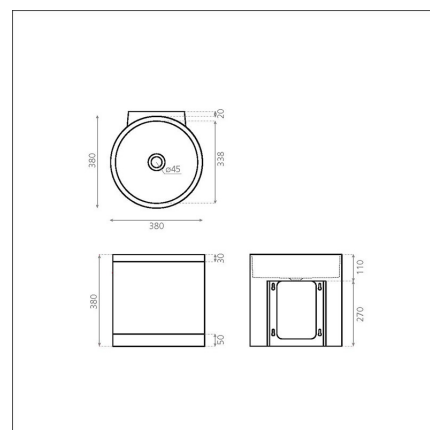

Product description

Metal is a stylish and striking sink material for bathroom spaces. Stainless steel PVD-coated sinks are available in three different colors: timeless stainless steel, stylish black stainless steel, and elegant gold. The design language of the sinks is sleek and symmetrical. All models are well-suited for use in both home bathrooms and public spaces. The sink includes a matching pop-up valve and siphon.
