porcelain matt white 300x300x130 mm

Product code 8290**Product description**

A vessel sink is an elegant addition to bathroom spaces. The basin-shaped washbasin stands out from traditional sink. It is installed on top of the countertop; the faucet can be installed either next to or behind the sink. Additionally, a vessel sink can save counter space when needed. The smallest vessel sinks can fit even in compact bathrooms, starting from a countertop depth of 23 cm. The product is delivered without a drain and P-trap. Sink model does not include an overflow protection.
