

BLANCO CULINA-S II MINI SPARE PARTS

satin platinum spare parts

Product code CULINASSAPLVARAOSAT

Product description

Faucet spare parts BLANCO CULINA-S II MINI (201263S, satin platinum)

The easiest way to find the right spare part is to select the exploded view from the product images, where you can see all the spare parts related to the product. In addition, the spare parts are also listed in a drop-down menu. As a rule, spare parts are specific to the faucet, so the product image of the spare part also has a reference (number) to the exploded view. In addition, some spare parts are universal and suitable for many different products.
