

## LIMENTE TAG

socket with lid + USB (A) black / white

### Product code TAGSLIDE

#### Product description

USB (C) version coming on sale 04/2025. USB-A model available to order immediately.

TAG is an inconspicuous and stylish socket designed for office use. The socket includes a Schuko socket and a USB connection (USB-A). The socket can be installed either in a 60 mm diameter hole or, with the supplied extension ring in a hole with a diameter of 80 mm.

The socket includes a sliding cover that matches the color of the socket. With this cover, the socket can be hidden in the surface when needed, protecting it from dust and debris. With the sliding cover, you...
