

ZIRCON TRAN

| 4,9 W | 230 lm | CRI>85

Product code: 62703S2

A petite furniture light

LIMENTE ZIRCON TRAN is a petite light fixture. All wiring is hidden inside the fixture and the end result is extremely stylish in showcases, on top of cabinets and in a kitchen workspace. Due to its small size, LIMENTE ZIRCON TRAN is barely visible when installed but still producing great lighting. Delivery includes a matte protective glass and a clear protective glass, so you can choose the intensity and color temperature yourself!

When using the clear protective glass, the light is a bit more intense, whereas led spots are little less visible with the matte protective glass. Especially with the clear glass, you can install the fixtures up to 60-80 cm apart. When the fixtures are placed on both sides of the cooker hood, you'll receive excellent lighting to your cooktop!

Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cosy by dimming your LIMENTE ZIRCON TRAN with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
