

DOT USB (A+C)

socket | s/s/white/black

Product code: 63141

Unnoticeable round socket

The stylish unnoticeable USB socket can be embedded in tabletops, shelves, furniture, etc. Thanks to their small size and plug-in power supply LIMENTE DOT products can also be used in other types of furniture, such as tables, sofas, and bookshelves.

LIMENTE DOT product series includes four different models, all of which are identical in external dimensions. The product options DOT shuko socket, DOT USB (A+C) socket, DOT bluetooth speaker, and DOT wireless charger. All DOT sockets are identical in external dimensions and are therefore an elegant ensemble when installed side-by-side or on top of each other. Due to its modular structure, DOT is also available with different types of connectors (e.g., HDMI) for projects.

Color options

The product is supplied with a stainless steel, white, and black cover, so the product color can be selected during installation. The thin outer rim is always chromed.

Installation and electrical connection

DOT USB is quick and easy to install.
