

DESK-2

socket | stainless steel |

Product code: 631781

A low, recessed power socket

LIMENTE DESK-2 is an extremely low power socket (min. width of table top 20mm) designed to be installed in table tops, shelves and other furniture. Due to its small and low design LIMENTE DESK-2 can also be used in separate, loose furniture, such as tables, couches or book shelves.

LIMENTE DESK-2 is made of metal and available in three different colors: stainless steel, black, and white. The power socket includes two dustcovers to cover the sockets, which makes the table top even when the power socket is not in use. DESK-2 has a classification of IP44 and can be used in humid conditions.
