

SMART 582

ON/OFF -wireless doornswitch |

Product code: 640582

Wireless motion-responsive on/off- door switch

LIMENTE SMART wireless on/off-door switch is a compact and neat-looking switch that enables the lights behind the door to be switched on and off automatically. Thanks to its wireless and flexible placement options, the product is easy to use in all locations where you want the lights to turn on when you open the door, such as in breakfast or wardrobe cabinets, closets and interior doors.

LIMENTE SMART wireless on/off-door switch enables the door switch to be used, for example, in places where running wires is challenging, impossible, or the wiring cannot be done neatly.

Adjusting the lights

When pairing the switch directly to the dimmer, it works as an on/off switch. In this case, the lights turn on at full power when the door is opened and turn off when the door is closed.
