# LIMENTE

## FLAT 22

4 lamp set | white | 7,6 W | 526 lm Product code: 65222S4

#### An extremely low furniture light fixture

LIMENTE FLAT 22 is the lowest light fixture on the market. The body of the fixture is extremely thin (only 5,5mm) creating a stylish and complete look without any heavy machining to the surface of installation. Under a cabinet or a shelf, LIMENTE FLAT appears recessed. FLAT provides a wide-spread and even light on the illuminated surface, so no unpleasant shadows or dark sections are generated.

LIMENTE FLAT is available in two different designs. The smaller LIMENTE FLAT 12 is square in shape. The bigger, and hence more efficient, FLAT 22 is rectangle in shape. LIMENTE FLAT fixtures suit well both residential and commercial spaces and any other space, where modern and even lighting is desired. Both fixtures have great luminosity and are excellent both as working and mood lights!

#### Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cosy by dimming your LIMENTE FLAT 22 with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
