

FLAT-12 2C

white/black | 5 W | 270 lm

Product code: 65224S4

An extremely low furniture light fixture

LIMENTE FLAT-12 2C is a slim spot light with an ultra-thin body (only 8,8 mm) that makes the result look stylish easily. When installed on the underside of a cabinet or shelf, LIMENTE FLAT-12 2C spotlights look like recessed lights. LIMENTE FLAT-12 2C is easy and quick to install and the light comes from a wide area while being pleasantly even. There are no unpleasant shadows and dark spots on the surface to be illuminated, as may happen with traditional point lights.

The FLAT-12 2C lamp can be used in two different color temperatures. The alternatives are 3000 K warm light and pure white 4000 K. The choice of color temperature is carried out at the installation site according to the included installation instructions. Installation instructions can also be found on our website.

Dimming and lighting control

Suitable lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cozy by dimming your LIMENTE FLAT-12 2C with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
