LETO

white | 48 lm | CRI>90
Product code: 65244S4

An extremely small, versatile furniture light fixture

LIMENTE LETO is a stylish light optimal for highlighting and accenting decorative objects and items with light. The light fixture can be used in showcases, shelves and bookcases among other places, where small and unnoticeable accent light fixture is desired. Four stunning colors, stainless steel, black, white and brass make the LETO a striking detail and due it's small size, LIMENTE LETO is an excellent choice for illuminating narrow spaces, such as the small gaps in shelves and showcases all the while accenting the items on display with light.

LIMENTE LETO can be installed either recessed or surface-mounted. All installation tools are included in delivery.

Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cosy by dimming your LIMENTE LETO with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between. Please note that the LED LETO is not suitable for general lighting.

Easy installation

LIMENTE LETO can be installed in a variety of mounting possibilities. You can either install the fixture recessed, which makes the fixture barely visible, or surface-mounted. The fixture is very small in size and unnoticeable, whichever method of mounting you choose!
