LIMENTE

3000 K

THE FOLLOWING ITEMS ARE INCLUDED

- ribbon, with in both ends driver
- 2 x 3m power cord with TOP connector

RIBBON 40 COM

24 V | 3000 K | IP44 | 192 led/m | 1380 lm/m | CRI>85 Product code: 682411

A versatile LED strip

Powerful work and mood lighting with LEDs very close to each other (192 LEDs / meters). The ribbon is used in kitchen lighting as an indirect light, for example behind the mirrors, in plinths, in furniture, in ceilings, and anywhere where the lamp needs to be as invisible as possible. LIMENTE LED-RIBBON can be shortened between 3,3 mm. All LED-strips should always be installed on a heat conducting surface like LIMENTE LIGHT PROFILE to quarantee the lifetime of LED's.

High quality LEDs with a colour index of Ra> 85, an efficiency of 115 lm/W, a luminous intensity of 1380 lm/m 1380 lm/m and a colour temperature of 3000 K are used as standard (small colour temperature differences might exists). In addition to this standard model, the LIMENTE LED RIBBON is available as a LUX model (3000 K and 4000 K) and an adjustable CCT model (2700 K - 6000 K).

Dimming and lighting control

By adjusting the lights, it is easy to create appropriate lighting for different occasions. By dimming LIMENTE LED-strip you can change your home's lighting from efficient and bright to dim and cosy. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel- and profile lights. The lamps adjust smoothly at the same time, while simultaneously changing the ambience of the space.
