

PROFILE UP

without led-strip | black 2,0 m

Product code: 68905

Black profile for LED strips

LIMENTE PROFILE UP is designed for installing LIMENTE RIBBON led strip. You can use the profile to install the led strip in residential and commercial spaces or offices as a part of an indirect light design. The profile enables carrying out beautiful and stylish indirect lighting designs in different kinds of spaces.

The profile has a standard length of 2 meters and can be shortened to a desired length using a hacksaw or a circular saw. When the profile is cut to a proper length, simply install the led strip inside. The profile is available in black and white. Installation tools and attachment brackets as well as end pieces are included.
