

PROFILE CORNER

without led-strip | white 2 m

Product code: 68906

White profile for LED strips

LIMENTE PROFILE CORNER is designed for installing LIMENTE RIBBON led strip. You can use the profile to install the led strip in a kitchen workspace or in a utility room. The profile has a standard length of 2 meters (alu and white), black 2,15 m and can be shortened to a desired length using a hacksaw or a circular saw. When the profile is cut to a proper length, simply install the led strip inside. The profile is available in aluminum, black and white. Installation tools and attachment brackets as well as end pieces are included.

CORNER profile is easy to install. Use CORNER profile for a smooth installation and extend the lifetime of the led strip. Take your pick from the several different options of LIMENTE RIBBON (available in different lengths, different technical values and IP classifications) to suit your personal lighting design. N.B.! The led strip and power supply must be ordered separately.

Dimming and lighting control

Combine any LIMENTE RIBBON led strip with either LIMENTE SMART CLASSIC, LUXUS and GREENLINE series wireless dimming and lighting control system. With our SMART systems, you can easily change the lighting and ambience in your home from efficient and bright to dim and cozy with just a push of a button.
