

GRADE 40 LUX

4m | 3000 K | aluminum | 192 led/m | 1300 lm/m | CRI>90
Product code: 68974

A light directing recessed or surface-mounted profile fixture

LIMENTE GRADE LUX directs light backwards, which is especially pleasant when planning to use indirect lighting off of walls or when illuminating a closet. LIMENTE GRADE LUX is a part of LIMENTE LUX collection. The LIMENTE LUX collection provides the best quality of light in technical features, such as efficiency and color rendering, and maximizes the lifespan of the product. The light is stylish and continuous with no connection points interrupting the light, which provides even light throughout the area. GRADE is a versatile light to be used both as a working light and a mood light. The fixture can be shortened to a desired length.

See "Installation pictures" for tips on how to use GRADE LUX as working lighting in a kitchen workspace but also as indirect lighting when placed above upper cabinets or inside a wardrobe! LIMENTE GRADE profiles are available in multiple lengths (2-6m) and three different color temperatures (3000K, 4000K and 2700K-6000K). The profile itself has a standard length of 2m and can be shortened to a desired length.

Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cozy by dimming your LIMENTE GRADE LUX with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
