

DECKER 40 CCT

2m | 2700 - 6000 K | aluminum | IP44 | 1500 lm/m | CRI>90

Product code: 68987

Accent lighting to highlight shapes and furniture in your home, color temperature adjustable

LIMENTE DECKER CCT illuminates both forward and to the sides. The fixture comes with a separate attachment board, which fits the power supply cord of the led strip. Use LIMENTE DECKER CCT to highlight the shapes of your furniture by installing the fixture between your furniture to create a stylish light beam or use the fixture as general functional lighting e.g. inside a mirrored bathroom cabinet to have a pleasant, three-way lighting. The light is stylish and continuous with no connection points interrupting the light, which provides even light throughout the area.

See "Installation pictures" for tips on how to use DECKER B to illuminate furniture in the kitchen or in the bathroom. LIMENTE DECKER profiles are available in multiple lengths (2-6m) and three different color temperatures (3000K, 4000K and 2700K-6000K) in both IP20 and IP44 versions. The profile itself has a standard length of 2m and can be shortened to a desired length.

Dimming and lighting control

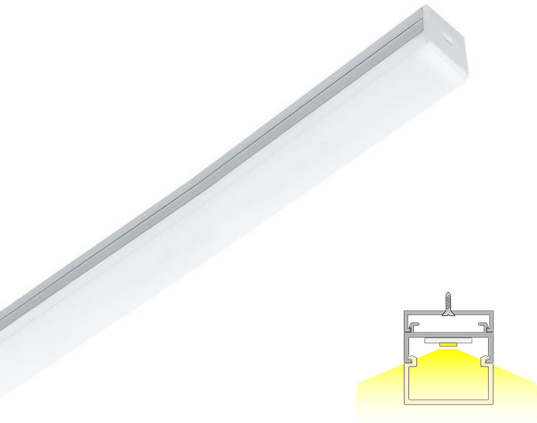

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cozy by dimming your LIMENTE DECKER CCT with our wireless system. You can use the same switch to adjust all the LIMENTE CCT lights in the room. The light and color temperature adjust smoothly at the same time while creating ambience for working, entertaining or any mood in between.
