

SEAM LUX

2m | 3000 K | alumiini | 2 x 1700 lm/m | 192 led/m | CRI>90
Product code: 68989

An unnoticeable mood light fixture for shelves

LIMENTE SEAM IP44 LUX is a part of LIMENTE LUX collection. . The LIMENTE LUX collection provides the best quality of light in technical features, such as efficiency and color rendering, and maximizes the lifespan of the product. SEAM is a minimalistic and unnoticeable light profile fixture that projects light up and down. The fixture can be used in showcases or shelves on a wall. The only limit is your imagination! When installed near the back end of a shelf, the fixture is extremely inconspicuous still providing excellent mood lighting, whereas when placed near the front end of a shelf, the fixture provides more working light. Whichever your choice, the light is always stylish and continuous with no connection points interrupting the light, which provides even light throughout the area.

See "Installation pictures" for tips on how to use SEAM IP44 LUX as indirect lighting when placed behind shelves in the kitchen or in the living room, or even inside a wardrobe to light the closet! LIMENTE SEAM profiles are available in multiple lengths (2-6m) and three different color temperatures (3000K, 4000K and 2700K-6000K). The profile itself has a standard length of 2m and can be shortened to a desired length.

Dimming and lighting control

Appropriate lighting for any occasion is made easy with our dimming and lighting control system. You can easily change the lighting and ambience in your home from efficient and bright to dim and cosy by dimming your LIMENTE SEAM IP44 LUX with our wireless system. You can use the same switch to adjust all the LIMENTE lights in the room, including various ceiling, panel and profile lights. The light adjusts smoothly at the same time while creating ambience for working, entertaining or any mood in between.
